

**A POWERFUL
BOTANICAL FORMULATION
WITH INSTANT RESULT
TO CONTROL
RED SPIDER AND OTHER MITES**

RESCUE

(A powerful botanical formulation with instant result)

Rescue is the most modern botanical composition. This is enriched with extracts of locally available herbs (alkaloids) & fatty acids.

It kills mites by direct contact and disturb the life cycle by anti oviposition & feeding deterrence.

Indiscriminate use of chemical pesticides may render the tea unsuitable for consumption & trade due to residual effect, increases the cost of pest management by developing resistance in the pests. Botanical formulation are free from these problems & are most safest, economic & eco friendly.

Active Ingredients are derived mainly from the following :

- 1. Indian Perivet tree (*Vitex neugando*)**
- 2. Hill Glory Bower (*Clerodendron infortunatum*)**

Target Pests :

All Mites, Aphids, Jessids etc

Advantages :

1. Rescue is an ideal formulation when all types of chemicals have failed to control.
2. Rescue gives prolonged control against all Mites.
3. The efficacy of Rescue is not affected by high temperature.
4. Natural predators & parasites are safe against Rescue.
5. Rescue is compatible with other chemical pesticides but not with foliar nutrients & copper fungicides.

DOSAGE

For Tea : • 0.65 ml / ltr. of H₂O • 250 ml / ha

For Vegetables : • 0.6 ml / ltr. of H₂O • 120 ml / acre

For Coffee, Mango and other Orchards : • 0.7 ml / ltr. of H₂O • 140 ml / acre

Use **Magic Shakti** at 20 ml / 200ltr of H₂O as surfactant to enhance its efficacy.
